

About ECHO

ECHO is the largest provider of innovative day opportunities for people with learning and other disabilities in Herefordshire.

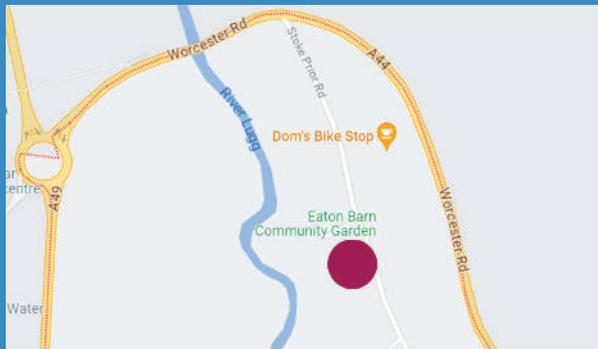

We believe that, with the right support, each person can achieve great things. ECHO concentrates on what people can do, rather than what they cannot.

Eaton Barn, like most of ECHO's activities, is suitable for people with moderate or severe learning difficulties, but we will try to support anyone, including those with mental health difficulties and physical or sensory impairments.

Fundraise for ECHO

As a charity, ECHO relies on fundraising to help us keep activities running for really vulnerable adults in Herefordshire.

This is why we ask that if you benefit from our services, know someone who does or just agree that people with disabilities should be given a real chance in life, that you help us raise the funds we need to develop and grow.

By giving a regular monthly donation you can help us continue our vital support to people with learning and other disabilities in Herefordshire. Regular monthly donations help us plan because we know what income to expect month in and month out.

If you would like to support our work by giving a regular donation, you can either:

Go To

www.echoherefordshire.org.uk

and click the **DONATE** button on the front page

Kim

“When you come here it makes you feel happy and welcome. In the summer I like to go outside and I like doing my woodwork in the green woodwork area.”

Individuals are encouraged to:

- Learn how to work safely in a horticultural environment
- Work on a variety of indoor and outdoor seasonal activities
- Be a team member in a work based setting
- Take part in community activities and events

“I like seeing other people here, they’re my friends. I sometimes mow the grass - I like using a lawn mower. I like looking after the chickens and collecting the eggs.”

Paul

“I like coming to Eaton Barn, we do great crafts and sometimes we do events in the town. I like to help others with the jobs in the polytunnel.”

Participants grow and sell herbs, flowers, plants, fruit and vegetables, as well as learning horticultural skills, woodworking and craft techniques. Eaton Barn aims to enable participants to gain new skills, benefit from a therapeutic outdoor environment and to take part in community activities and events.

An emphasis is placed on taking care of the environment and creating individual spaces to encourage a diverse range of wildlife to the project
